## IN WAR TIME

Dr. McKim Declares Gov-  
ernment Has Right to  
Conscript Labor.

"America must set before herself a pure and lofty ideal. She must not stoop to anything low or sordid or selfish; she must count no loss and no sacrifice to achieve victory in this glorious enterprise," declared Rev. Dr. Randolph McKim, in a Thanksgiving sermon, "God's Call to the Nation," at the Church of the Epiphany yesterday morning.

"She is waging war in order that the world may have peace—a real peace, a peace that shall bless the world with its holy light for generations to come," Rev. Dr. McKim continued. "Only for such a peace has she girded on her armor, but for such a peace she will give everything and sacrifice everything."

**Says It's Selfishness.**

"America's sons by millions are subject to military service, and if the Republic thus lays her hand on our young men and sends them forth to hardship and wounds and death for the sake of liberty, will any man dare to say that she may not lay her hand on the laboring men of the country and bid them give their strength and their toil to mine the coal and fell the timber and build the ships, make the cannon, the rifles and the munitions that are indispensable to the country?"

"Shall our transports be torpedoed and our brave recruits perish on the sea, because carpenters and shoemakers strike for higher wages and stop the building of destroyers that protect our ships from submarines?"

"Will a free, free, democratic country tolerate such a shameful and disastrous selfishness?"

## MRS. DE SAULLES HOST

CONTINUED FROM PAGE ONE.

and your noble little boy.

Very sincerely, yours,

"Austin Riley, William Simmons, Jack Karsel, John Coleman, Joseph Walter, John Kirkpatrick, Louis McCauley, Arthur Tiersan, William Kelly."

Little Jack De Saulles, Jr., who has been described as the innocent cause of the tragedy, while his mother under the shadow of the electric chair, gnawed happily upon a dramstick in his mother's company today.

Mrs. De Saulles' Thanksgiving dinner was eaten with her sister and little Jack, in the apartment of Sheriff and Mrs. Phineas A. Seamen.

Jack and his mother were from the Hecksher country estate at Huntington by Harry S. Dougherty, the private detective, from under whose watchful eye the child seldom strays far.

Under the double stimulus of providing for a real treat to half a hundred prisoners, less fortunate than she, in worldly goods, and having her boy with her, Mrs. De Saulles enjoyed herself thoroughly. She entered with zest into the spirit of the day.

"I have much cause for thankfulness because 'Toodles' is so well," she said, "and because I am able to see him."

Jack and his mother were from the Hecksher country estate at Huntington by Harry S. Dougherty, the private detective, from under whose watchful eye the child seldom strays far.

It was learned that Dougherty has been engaged for over a year to look after the custody of the child. First he was engaged by De Saulles, who is said to have entertained fears that the child's mother might spirit him away to Chile.

Jack and his mother have conceived a strong affection for one another.

Henry A. Uther, counsel for Mrs. De Saulles, and his associates spent much time today in preparing the hypothetical question to be asked of the defense's medical witnesses upon resumption of the trial tomorrow. Mr. Uther said the question is to be made to reach 20,000 words in length, as it must embody all the salient points brought out in the trial. The mere reading of the question of the defense will take a considerable time and prove no small tax upon the vocal organs.

District Attorney Weeks said that the prosecution had prepared no hypothetical question.

## MORE CAMPS ASKED

CONTINUED FROM PAGE ONE.

men in camp for some time as much as possible, and Gen. Gorgas' suggestion that an observation camp be established for the new men has been adopted.

In his report Gen. Gorgas says: "The camp is well situated and is in generally good condition. I think the reason for the measles affecting so many of the new men is the fact that the men came from the surrounding Southern States which are sparsely settled and therefore the inhabitants do not, as a rule, have measles in childhood."

"A large proportion of the cases of pneumonia were evidently contact cases, and I am anxious on this score, fearing that we may be beginning to hear of a few cases of mumps. We have had a few cases of mumps, a few cases of scarlet fever and some cases of mumps."

"Whatever the original cause of the epidemic, it is now spreading, and all these evils are accentuated by the crowded condition of the camp. The tendency to pneumonia has no doubt been increased by the fact that the men have generally been exposed to the cold weather of the past month with no other protection than their summer clothing. Clothing is now rapidly coming into camp and about two-thirds of the men are supplied with woolen garments."

"I recommend that it be insisted upon that all men in the camp have fifty feet of floor space each, and, to accomplish this, that such additional shelter be supplied as may be necessary; that no fresh men be brought into the camp until the epidemic has subsided; that an observation camp be established, and that all new men be kept under observation until the main camp is free from infection."

## JAP TROOPS NEEDED

CONTINUED FROM PAGE ONE.

the situation. It is known here that at the present moment Germany has a slight surplus of food and fuel. It is considered possible that after making a peace agreement with the radicals, Germany might be able to send into Russia and to Petrograd the supplies which would unite the starving people under the red flag.

The presence of Gen. Kaledin and his army in the Don region, however, constitutes a growing menace against the German flank. To this army can be added the recently reorganized Rumanian troops. Peace propaganda, the Rumanian representatives here insist, will never get a foothold among the Rumanian troops, which have saved Rumania from being overrun by the Germans. The Rumanian army has been thoroughly equipped, well reorganized and was giving the Austro-Germans along the Dobruja front as good and better than it gave the Rumanians. They are now Austria's nearest ally since communication with Rumania through Russia has been cut off.

**Notables in Party.**

Accompanying Gen. Gorgas were Col. Dean C. Howard, of the regular army, recently health officer at the Canal Zone, where he was in charge of the sanitation; Maj. Victor C. Vatsky, of the O. R. C., recently professor of pathology at the University of Michigan, dean of its medical faculty and president of the Michigan State board of health; Maj. William H. Welch, of the O. R. C., recently professor of pathology at Johns Hopkins University and dean of its school of hygiene; and Maj. Theodore C. Janeway, M. D. R. C., recently professor of medicine at Johns Hopkins.

There are more than 2,000 men at Camp Wheeler.

## GERMANS FORCING ITALIANS TO WORK

Adults and Children Are Building Teuton Forts, Is Report.

The Austro-German invaders in Italy, official dispatches received here yesterday from Rome say, are compelling the civil population of the captured region, without respect to age or sex to work on fortifications of the Tagliamento, the left bank of the Piave and the Cadore zones.

A German officer taken prisoner, the dispatches say, confirms that Hindenburg had personal charge of the drive into Italy.

"According to his plan," say the dispatches, "Gen. Conrad's army was to roll down like an avalanche on the Sette Comuni plateau while the armies of Krobatin and Von Bulow were to pour into the Brenta valley, surround the mountainous barriers and descend into the fertile Venetian plains. The commencement of the colossal offensive was set for November 14, with the arrival of Austro-German troops at Castelfranco, but the Italian resistance before Maletta and Gallo upset the plans of Hindenburg."

Two enemy raids, one on the left bank of the Piave, the other on the right bank, were completely repulsed. There followed a heavy artillery fight in upper Alsace.

**British Front Static.**

London, Nov. 29.—No change in the British positions on the Cambrai front is reported in today's official communication. The Belgians repulsed a German attack. The statement follows:

"A hostile attack delivered against Belgian positions in the neighborhood of Aschevoort was beaten off after sharp fighting. South of the Scarpe River we captured a few prisoners during the night in patrol encounters. On the remainder of the front there is nothing of special interest to report."

**Embargo on W. Va. Coal.**

Lexington, Ky., Nov. 29.—The Chesapeake and Ohio Railroad has placed an embargo on West Virginia coal shipments, except those consigned to the Great Lakes and Virginia Tidewater. Practically all the West Virginia coal bound for Gulf states will be shipped to these terminals. More than 5,000 loaded coal cars are estimated to be tied up between Ashland, Ky., and Cincinnati.

**Toomed for Bicycle Race.**

New York, Nov. 29.—Middle Root, a four-time six-day winner, has been teamed with Pete Drobach for the annual grid that starts next week at Madison Square Garden. Root had been teamed with Marcel Dupuy, but the latter was unable to take part in the race.

**USAACS ARE BEATEN BY HILLTOP ELEVEN**

CONTINUED FROM PAGE ONE.

bars for the Hilltoppers' first three points.

Asst. Johnny Gilroy, helped considerably by Johnny McQuade, brought the ball from kick-off inside of the 40-yard line, and it was here that the Hilltoppers again dropped the ball. Jackie was again equal to the occasion, and the pigskin sailed between the uprights of the USAACs' goal line.

After an exchange of punts the whistle sounded, ending the half, with Georgetown six points in the lead. Even at this stage of the game the sporting element were willing and ready to wager that the Hilltoppers would be defeated in that driving second half, but this 2 to 1 "dope" was upset, as Exendine had the Hilltoppers prepared. What he handed out in the exclusive dressing-room may never be known, but he must have driven an earful of inspiration and fighting ability into his tribe.

Ambulance team received, but "Puffy" Crum, who caught the ball, was thrown in the truck. Crum attempted an off-tackle rush, but failed to gain. The punt, which was next in order, was cleverly blocked. "Skipper" Crum recovered the ball and sprinted 20 yards for Georgetown's first touchdown. Gilroy was not called upon to exert himself in booting this goal from touchdown.

**Second Touchdown Made.**

The army men received again, but Georgetown got the ball inside of the 20-yard line. Conn brought back the kick, and Crum was again called upon for an off-tackle play. He fumbled, and Ahern recovered the pigskin and raced to the 4-yard line before he was brought to earth by Cubbage. It was just a question of how many rushes was necessary for the Hilltoppers to place the ball behind the coveted goal line. Gilroy performed the stunt in the next rush, placing the Hilltoppers away out in front.

The visitors again received, but Crum fumbled the boot and Dudder, who had been putting up a brilliant game, fumbled the ball on the spot, as he fell on the 15-yard line. A forward pass from Gilroy to Sullivan gave the Hilltoppers the final count, Johnny passing the ball to Sullivan, who ran the center of the line to Sullivan, who ran the balance of the distance for the touchdown.

Dudder, Smeach, Sullivan and Heaphy are names of athletes with the Hilltop team that should be among those present when the estimate is given on the heroes of the day, as this quartet stood out prominently in the worst of defensive amasses of the Hilltoppers.

At no time this season, in any of the big battles in which the Georgetown team has played, have they shown such brilliant defensive play. The USAACs were advertised as speed kings, but they must have left some of their ability in Pennsylvania. The visitors' plays were smashed long before they came to the line, and to Coach Exendine football fans will doff their hats, for he handed out a real surprise in the defeat of the Georgetown.

**Embargo on W. Va. Coal.**

Lexington, Ky., Nov. 29.—The Chesapeake and Ohio Railroad has placed an embargo on West Virginia coal shipments, except those consigned to the Great Lakes and Virginia Tidewater. Practically all the West Virginia coal bound for Gulf states will be shipped to these terminals. More than 5,000 loaded coal cars are estimated to be tied up between Ashland, Ky., and Cincinnati.

**Toomed for Bicycle Race.**
